Site Plan Review by the Planning Commission is required for:

1. Construction of more than four residential units on a platted lot of record or construction or expansion or residential development that brings the total residential gross floor area to fifteen thousand square feet or more.
2. All non-residential construction or expansion resulting in over ten thousand square feet of gross floor area.
3. Creation of more than five thousand square feet of impervious coverage.
4. Any new development within an Overlay District, excluding single family residential dwellings.
